DETAILED ACTION

Allowable Subject Matter

1. Claims 1-10, 12-19, and 21-43 are allowed.
2. The following is an examiner's statement of reasons for allowance: Applicant's claims are indicated as allowable for the reasons discussed by the applicant's in the arguments received on 9/30/2005 and for the following reason: the light engine of the Takanori reference is not completely suspended in any of the figures, rather the projection lens (which is generally not considered part of the light engine) and a fold mirror are potentially suspended (see figure 2 which shows the parts of the light engine in fig. 2b they are parts 11, 10, 9, and d8 which are clearly shown in figure 2a not to be suspended). Accordingly for the reasons given by the applicant and specifically for the above reason the claims are allowable. No other prior-art, which either anticipates the invention or makes it obvious were found.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
